The aggregate offering size of the IPO and the concurrent private placement described below is approximately US\$220.2 million (inclusive of approximately US\$95.2 million of ADSs sold in the IPO), assuming the underwriters do not exercise their over-allotment option to purchase any additional ADSs, and approximately US\$234.5 million (inclusive of approximately US\$109.5 million of ADSs sold in the IPO), assuming the underwriters exercise their over-allotment option in full. Each ADS represents one Class A ordinary share of Youdao. The ADSs are expected to begin trading on the New York Stock Exchange today under the ticker symbol “DAO.”

Youdao has granted the underwriters an option, exercisable for 30 days from the date of the final prospectus, to purchase up to an aggregate of 840,000 additional ADSs to cover over-allotments.
