YOUR VOTE IS IMPORTANT

To ensure your representation at the annual general meeting, you are urged to mark, sign, date and return the enclosed proxy as promptly as possible in the accompanying envelope.

NETEASE.COM, INC.
PROXY STATEMENT

General

We are soliciting the enclosed proxy on behalf of our board of directors for use at the annual general meeting of shareholders to be held on September 7, 2006 at 10:00 a.m., Beijing time, or at any adjournment or postponement thereof. The annual general meeting will be held at our offices located at 26/F, SP Tower D, Tsinghua Science Park Building 8, No. 1 Zhongguancun East Road, Haidian District, Beijing, People's Republic of China 100084.

This proxy statement and the form of proxy are first being mailed to shareholders on or about July 28, 2006.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering a written notice of revocation or a duly executed proxy bearing a later date or, if you hold ordinary shares, by attending the annual general meeting and voting in person. Attendance at the annual general meeting in and of itself does not revoke a prior proxy. A written notice of revocation must be delivered to the attention of Mr. Denny Lee, our Chief Financial Officer and a director, if you hold our ordinary shares, or to The Bank of New York if you hold American Depositary Shares, known as ADSs, representing our ordinary shares.

Record Date, Share Ownership and Quorum

Shareholders of record at the close of business on July 21, 2006 are entitled to vote at the annual general meeting. Our ordinary shares underlying ADSs are included for purposes of this determination. As of May 31, 2006, 3,282,637,100 of our ordinary shares, par value US\$0.0001 per share, were issued and outstanding, of which approximately 1,866,704,650 were represented by ADSs. The presence of at least two ordinary shareholders in person or by proxy will constitute a quorum for the transaction of business at the annual general meeting; provided, however, that in no case shall such quorum represent less than 33 1/3% of our outstanding ordinary shares.

Voting and Solicitation

Each share outstanding on the record date is entitled to one vote. Voting at the annual general meeting will be by a show of hands unless the chairman of the meeting or any shareholder present in person or by proxy demands that a poll be taken.

The costs of soliciting proxies will be borne by our company. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, in person or by telephone or electronic mail. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names our ordinary shares or ADSs beneficially owned by others to forward to those beneficial owners. We may reimburse persons representing beneficial owners of our ordinary shares and ADSs for their costs of forwarding solicitation materials to those beneficial owners.

Voting by Holders of Ordinary Shares

When proxies are properly dated, executed and returned by holders of ordinary shares, the shares they represent will be voted at the annual general meeting in accordance with the instructions of the shareholder. If no specific instructions are given by such holders, the shares will be voted "FOR" proposals 1 and 2 and in the proxy holder's discretion as to other matters that may properly come before the annual general meeting. Abstentions by holders of ordinary shares are included in the determination of the number of shares present and voting but are not counted as votes for or against a proposal. Broker non-votes will not be counted towards a quorum or for any purpose in determining whether the proposal is approved.

Voting by Holders of American Depositary Shares

The Bank of New York, as depositary of the ADSs, has advised us that it intends to mail to all owners of ADSs this proxy statement, the accompanying notice of annual general meeting and an ADR Voting Instruction Card. Upon the written request of an owner of record of ADSs, The Bank of New York will endeavor, to the extent practicable, to vote or cause to be voted the amount of shares represented by the ADSs, evidenced by American Depositary Receipts related to those ADSs, in accordance with the instructions set forth in such request. The Bank of New York has advised us that it will not vote or attempt to exercise the right to vote other than in accordance with those instructions. As the holder of record for all the shares represented by the ADSs, only The Bank of New York may vote those shares at the annual general meeting.

The Bank of New York and its agents are not responsible if they fail to carry out your voting instructions or for the manner in which they carry out your voting instructions. This means that if the ordinary shares underlying your ADSs are not able to be voted at the annual general meeting, there may be nothing you can do.

If (i) the enclosed ADR Voting Instruction Card is signed but is missing voting instructions, (ii) the enclosed ADR Voting Instruction Card is improperly completed or (iii) no ADR Voting Instruction Card is received by The Bank of New York from a holder of ADSs prior to 10 a.m., August 31, 2006, The Bank of New York will deem such holder of ADSs to have instructed it to give a proxy to the chairman of the annual general meeting to vote in favor of each proposal recommended by our board of directors and against each proposal opposed by our board of directors.

Deadline for Shareholder Proposals

Proposals which our shareholders wish to be considered for inclusion in our proxy statement and proxy card for the 2007 annual general meeting must be received by January 3, 2007 at 26/F, SP Tower D, Tsinghua Science Park Building 8, No. 1 Zhongguancun East Road, Haidian District, Beijing 100084, People's Republic of China and must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The submission of a proposal does not assure that it will be included in the proxy statement or the proxy card.

PROPOSAL 1
ELECTION OF DIRECTORS

The board of directors has nominated all of our seven current directors for re-election at the 2006 annual general meeting. Each director to be elected will hold office until the next annual general meeting of shareholders and until such director's successor is elected and is duly qualified, or until such director's earlier death, bankruptcy, insanity, resignation or removal. All of the nominees have been previously elected by our shareholders, except for Lun Feng. Our Articles of Association presently authorize up to ten board positions. Proxies cannot, however, be voted for a greater number of persons than the number of nominees named in this proxy statement.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. The board has no reason to believe that any of the nominees named below will be unable or unwilling to serve as a director if elected. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose.

The names of the nominees, as well as our other current executive officer, their ages as of May 31, 2006 and the principal positions with NetEase held by them are as follows:

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF EACH OF THE NOMINEES NAMED ABOVE.**

Relationships Among Directors or Executive Officers; Right to Nominate Directors

There are no family relationships among any of the directors or executive officers of our company. None of our directors were nominated pursuant a contractual or other right.

Meetings and Committees of the Board of Directors

During the year 2005, our board met in person or passed resolutions by unanimous written consent eight times. We have no specific policy with respect to director attendance at our annual general meetings of shareholders, and two of our directors attended the annual general meeting of shareholders held on June 23, 2005.

Our board has three committees, the audit committee, the compensation committee and the nominating committee. Messrs. Donghua Ding, Michael Leung and Joseph Tong are currently the members of all three committees.

In 2005, the audit committee met in person or passed resolutions by unanimous written consent five times. The board of directors has determined that Mr. Joseph Tong is an “audit committee financial expert” as defined by Item 16A of Form 20-F. The board of directors has adopted a written audit committee charter pursuant to which the audit committee is responsible for overseeing the accounting and financial reporting processes of our company, including the appointment, compensation and oversight of the work of our independent auditors, monitoring compliance with our accounting and financial policies and evaluating management’s procedures and policies relative to the adequacy of our internal accounting controls.

Our compensation committee was reformed in 2005, and it did not hold any meetings in that year. The board of directors has adopted a written compensation committee charter pursuant to which the compensation committee is responsible for, among other things, annually reviewing and approving our company’s corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating such officer’s performance in light of those goals and objectives, and, either as a committee or together with the other independent directors (as directed by our board), determining and approving the chief executive officer’s compensation level based on this evaluation. The committee also annually reviews and makes recommendations to the board with respect to non-chief executive officer compensation, incentive-compensation plans and equity based-plans, administers our incentive-compensation plans and equity-based plans as in effect and as adopted from time to time by our board (the board retains, however, the authority to interpret such plans), and approves any new equity compensation plan or any material change to an existing plan where shareholders approval has not been obtained.

The nominating committee was formed in July 2005, and did not meet in person or pass resolutions by written consent in 2005. The board of directors has adopted a written nominating committee charter pursuant to which the nominating committee is responsible for monitoring the size and composition of our board and considering and making recommendations to our board with respect to the nominations or elections of directors of our company.

The audit, compensation and nominating committees are composed solely of non-employee directors, as such term is defined in Rule 16b-3 under the Exchange Act and the board of directors has determined that all such members are “independent” as that term is defined in Rule 4200(a)(15) of the Marketplace Rules of Nasdaq.

Compensation Committee Interlocks

No interlocking relationships have existed between our board of directors or compensation committee and the board of directors or compensation committee of any other company.

Compensation of Directors

In 2005, we paid each of Michael Leung, Joseph Tong and Donghua Ding the amount of US\$3,300 per month for their services as non-executive directors for a total of US\$39,600 each. We also paid Ronald Lee US\$3,300 per month until he resigned from our board in July 2005, for a total of US\$23,100.

In addition, in 2005 we paid each of Ming-Yong Chen (who joined our board in August 2005 and resigned in March 2006) and Lun Feng US\$1,000 per month since August 2005 for their services as non-executive directors for a total of US\$5,000 each. We also paid Donghua Ding, Ming-Yong Chen and Feng Lun US\$8,765, US\$954 and US\$954 for Chinese individual income taxes on their behalf, respectively. Other than the foregoing payments, we did not pay any other compensation in any form to our non-executive directors in 2005. In 2005, we also granted stock options under our 2000 Stock Incentive Plan to two of our executive directors, Denny Lee and Michael Tong, as set forth in the table entitled "Option Grants in Last Fiscal Year" below.

All of our current directors have entered into indemnification agreements in which we agree to indemnify, to the fullest extent allowed by Cayman law, our charter documents or other applicable law, those directors from any liability or expenses, unless the liability or expense arises from the director's own willful negligence or willful default. The indemnification agreements also specify the procedures to be followed with respect to indemnification.

Legal Proceedings

As previously disclosed by us, the staff of the U.S. Securities and Exchange Commission (SEC) conducted an investigation related to our restatement of our financial statements for the year ended December 31, 2000. On February 27, 2006, the SEC filed a settled action against our company alleging that we materially overstated our revenues and understated our net loss by improperly recognizing revenue in 2000 and 2001.

In its complaint, the SEC alleges that, among other things, NetEase employees circumvented the company's internal accounting controls and falsified the company's books and records in connection with hundreds of advertising and e-commerce contracts in 2000 and 2001. Without admitting or denying the allegations in the SEC's complaint, NetEase consented to entry of a final judgment permanently enjoining the company from violating reporting, books and records, and internal control provisions of the federal securities laws, specifically, Sections 13(a), 13(b)(2)(A), 13(b)(2)(B) and 13(b)(5) of the Securities Exchange Act of 1934 and Rules 12b-20, 13a-16 and 13b2-1 thereunder. The settlement has been approved by the relevant U.S. federal court.

Access to Corporate Governance Policies

The company adopted a Code of Business Conduct which is available on our company's website www.netease.com under the heading "About NetEase." To the extent required by law, any amendments to, or waivers from, any provision of the Code of Business Conduct will be promptly disclosed to the public.

Copies of our company's committee charters and Code of Business Conduct will be provided to any shareholder upon written request to the Chief Financial Officer of NetEase.com, Inc., 26/F, SP Tower D, Tsinghua Science Park Building 8, No. 1 Zhongguancun East Road, Haidian District, Beijing, People's Republic of China 100084.

PROPOSAL 2

RATIFICATION OF INDEPENDENT AUDITORS

Our audit committee recommends, and our board concurs, that PricewaterhouseCoopers Zhong Tian CPAs Limited Company be appointed as our independent auditors for the year ending December 31, 2006. Arthur Andersen • Hua Qiang audited our financial statements from our formation in July 1999 through fiscal year 2002. Following their dissolution, our board of directors appointed PricewaterhouseCoopers Zhong Tian CPAs Limited Company as our independent auditors in July 2002.

In the event our shareholders fail to ratify the appointment, our audit committee will reconsider its selection. Even if the selection is ratified, our audit committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the audit committee believes that such a change would be in the best interests of our company and shareholders.

A representative of PricewaterhouseCoopers Zhong Tian CPAs Limited Company is expected to be present at the annual general meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the annual general meeting will be required to approve this proposal 2.

We have entered into employment and related agreements with William Ding, Denny Lee, Michael Tong and Zhonghui Zhan, as described below.

William Ding. In August 1999, we entered into an employment agreement with Mr. Ding which provided for an initial annual salary of US\$85,000, plus a discretionary bonus, if any. This employment agreement was amended on May 1, 2003 to lower such salary to RMB1,000 per month and again on November 25, 2005 to increase his salary to RMB30,000 per month. Under this employment agreement, Mr. Ding is obligated to keep all proprietary information regarding our company confidential, except in limited circumstances. He is further precluded during his employment with us from carrying on or being employed by any business in China which is in competition with us or, directly or indirectly, solicit away from our company any of our existing or prospective clients or customers.

Denny Lee. In April 2002, we entered into a new employment agreement with Denny Lee in connection with his promotion to the position of Chief Financial Officer. This agreement provides for an annual salary of US\$158,000, plus a discretionary bonus to be determined by our company. With effect from January 1, 2004, his annual salary was increased from US\$158,000 to US\$198,000. If Mr. Lee's employment is terminated for any reason other than his death, disability or pursuant to one of the statutory bases for terminating employees without notice under Hong Kong law, he shall be entitled to severance pay in the amount of six months of his then current base salary.

This agreement also prohibits Mr. Lee, for the six month period following his termination of employment with us, from obtaining an ownership interest in (unless the total investment represents less than 5% of any single class of shares of the competitor and the competitor is a listed company), or employment with, any company which carries on a business in Hong Kong or China which competes with our company and in which Mr. Lee was involved at any time during the last two years of his employment or in relation to which he acquired any confidential information during the course of his employment. During that same period, he may not solicit, entice or hire any of our employees or customers. Related Party Transactions

Our business was founded in June 1997. In July 1999, we established a new holding company, NetEase.com, Inc., in the Cayman Islands. In September 1999, we restructured our operations in order to comply with increasing regulation of the Internet industry in China. As part of this restructuring, substantially all of Guangzhou NetEase's fixed and intangible assets and existing Internet applications, services and technologies were acquired by NetEase Information Technology (Beijing) Co., Ltd., or NetEase Beijing, a wholly owned subsidiary of NetEase formed in August 1999. Guangzhou NetEase, which is 90% owned by our founder, Chief Executive Officer, majority shareholder and a director, William Ding, has received approval from the Guangzhou telecommunications administrative authorities to provide Internet content services, and its 80% owned subsidiary, Beijing Guangyitong Advertising Co., Ltd., or Guangyitong Advertising, holds a license to operate an advertising business.

Lease of Property in Guangzhou Province

We intend to enter into a lease for approximately 20,000 square meters of office space located in Guangzhou Province which is owned by a third party property developer. Title for the property has not yet been granted by the local government authorities, and William Ding, our Chief Executive Officer, director and major shareholder, has agreed to indemnify our company for any losses or expenses we may incur due to the absence of the title. In addition, Mr. Ding has paid a deposit to the property developer and agreed to purchase the property once the title is issued.

Our major shareholders do not have different voting rights than any of our other shareholders.

**COMPENSATION REPORT FROM THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS**

Our compensation committee was inactive from 2002 until it was reformed by the board in July 2005. The duties of the committee include determining and approving the chief executive officer's compensation level, reviewing and making recommendations to the board with respect to non-chief executive officer compensation, incentive-compensation plans and equity based-plans, and administering our incentive-compensation plans and equity-based plans as in effect and as adopted from time to time by our board. The power to award options under the NetEase.com, Inc. 2000 Stock Incentive Plan for non-executive officers has been delegated to NetEase's Chief Executive Officer.

The fundamental policy of the board of directors is to provide NetEase's chief executive officer and other executive officers with competitive compensation opportunities based upon their contribution to the financial success of the company and their personal performance. In determining the compensation of NetEase's current Chief Executive Officer, the committee focuses particularly on the fact that he is the majority shareholder of NetEase, and accordingly, his overall remuneration from NetEase is necessarily more dependent on the performance of the Company's trading price on Nasdaq than on cash compensation. Accordingly, the compensation committee, with such officer's concurrence, has determined that it is appropriate to provide the Chief Executive Officer with a nominal base salary and no bonuses or equity incentives.

For other executive officers, it is the board of directors' objective to have a substantial portion of each officer's compensation contingent upon our company's performance as well as upon his or her own level of performance. Accordingly, the compensation package for such executive officers is comprised of three elements: (i) base salary which reflects individual performance and is designed primarily to be competitive with salary levels in the industry, (ii) annual variable performance awards payable in cash, and (iii) long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and the company's shareholders. As an executive officer's level of responsibility increases, it is the intent of the board to have a greater portion of his or her total compensation be dependent upon company performance and stock price appreciation rather than base salary.

NetEase's executive compensation is intended to be consistent with leading companies in the Internet and online games industries while being contingent upon achievement of near- and long-term corporate objectives. For the calendar year 2005, the principal measures the board of directors looked to in evaluating the company's progress toward these objectives were growth in revenue, net profits and usage of the NetEase websites and the increase in the company's stock price on Nasdaq.

Compensation for the company's executive officers, other than the current Chief Executive Officer, is based on three components, each of which is intended to serve the overall compensation philosophy.

Base Salary. The base salary for each officer is determined on the basis of the following factors: experience, personal performance, the average salary levels in effect for comparable positions within and without the industry and internal comparability considerations. The weight given to each of these factors differs from individual to individual, as the board deems appropriate. In selecting comparable companies for the purposes of maintaining competitive compensation, the board of directors considers many factors including geographic location, growth rate, annual revenue and profitability, and market capitalization. The board of directors also considers companies outside the industry which may compete with NetEase in recruiting executive talent.

[Table of Contents](#)

Annual Incentive Compensation. Bonuses for executives are intended to be used as an incentive to encourage management to perform at a high level or to recognize a particular contribution by an employee. Generally, the higher the employee's level of responsibility, the larger the portion of the individual's compensation package that may be represented by a bonus. Annual bonuses are earned by each executive officer primarily on the basis of the company's achievement of certain corporate financial performance goals established for each fiscal year or designated individual goals. The actual bonus paid for the year to each of the Named Executive Officers is indicated in the Bonus column of the Summary Compensation Table.

Long-Term Compensation. The board of directors believes that stock ownership by management is beneficial in aligning management and shareholder interests with respect to enhancing shareholder value. Stock options and stock subscription arrangements (like the one provided to the company's former chief executive officer upon his appointment) are also used to retain executives and motivate them to improve long-term stock market performance. Factors considered in making an award of stock options or stock subscription arrangements include the individual's position in the company, his or her performance and responsibilities, and internal comparability considerations.

Each option grant under the company's 2000 Stock Incentive Plan allows the employee to acquire ordinary shares at a fixed price per share over a specified period of time of not more than 10 years. The board of directors determines the vesting schedule of awards granted to executive officers under the plan.

The exercise price of incentive stock options must be at least equal to the fair market value of our company's ordinary shares on the date of grant, and the term of the option must not exceed ten years. The purchase price of non-qualified stock options is typically at least 85% of the fair market value of our company's ordinary shares on the date of grant. With respect to an employee who owns shares possessing more than 10% of the voting power of all classes of outstanding capital, the exercise price of any incentive stock option must equal at least 110% of the fair market value of our company's ordinary shares on the date of grant and the term of the option must not exceed five years. The exercise or purchase price of other awards will be such price as determined by the board of directors. Employees are responsible in all cases for any tax expense associated with the grant, holding or exercise of these stock options.

As a result of these provisions, the option will provide a return to the executive officer only if the executive officer remains employed by the company during the vesting period, and then only if the market price of the underlying shares appreciates over the option term. The board of directors does not adhere to any specific guidelines as to the relative option holdings of our company's executive officers. The actual options granted to each of the Named Executive Officers in the Summary Compensation Table is indicated in the Long-Term Compensation column.

Stock subscription arrangements, whereby the company issues a specified number of shares over a period of time while the recipient is employed by the company, are made outside of the company's stock incentive plans and the terms are individually tailored for each recipient.

Compensation of the Chief Executive Officer. The compensation of the Chief Executive Officer is reviewed annually. Our current Chief Executive Officer, William Ding, who assumed this position in November 2005, currently receives a base salary of US\$3,717 per month.

AUDIT COMMITTEE REPORT

Our audit committee oversees the financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. NetEase's independent accountant is responsible for expressing an opinion on the conformity of its audited financial statements with generally accepted accounting principles. We appointed PricewaterhouseCoopers Zhong Tian CPAs Limited Company as our company's independent accountant for 2005 after reviewing that firm's performance and independence from management. We have recommended that PricewaterhouseCoopers Zhong Tian CPAs Limited Company be reappointed as our company's independent accountant for fiscal year 2006 at the shareholders annual general meeting scheduled on September 7, 2006.

In fulfilling our oversight responsibilities, we reviewed with management the audited financial statements prior to their issuance and publication in the 2005 Annual Report to Shareholders. We reviewed with NetEase's independent accountant its judgments as to the quality, not just the acceptability, of NetEase's accounting principles and discussed with its representatives other matters required to be discussed under generally accepted auditing standards, including matters required to be discussed in accordance with the Statement on Auditing Standards No. 61 (Communication with Audit Committees) of the Auditing Standards Board of the American Institute of Certified Public Accountants. We also discussed with the independent accountant its independence from management and NetEase and its affiliates, and received its written disclosures pursuant to Independence Standards Board Standard No. 1. We further considered whether the non-audit services described elsewhere in this proxy statement provided by the independent accountant are compatible with maintaining the accountant's independence.

We also discussed with NetEase's independent accountant the overall scope and plans for its audit. We met with the independent accountant, with and without management present, to discuss the results of its examination, its evaluation of NetEase's internal controls, and the overall quality of financial reporting.

In reliance upon the reviews and discussions referred to above, we recommended to the board of directors, and the board of directors approved, the inclusion of the audited financial statements in the Annual Report on Form 20-F for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total shareholder return data for our ADSs, based on closing prices for the period from December 31, 2001 to December 31, 2005 against the cumulative return over such period of:

- The Nasdaq National Market Composite Index, and
- the Goldman Sachs Internet Index.

The graph assumes that US\$100 was invested on December 31, 2001 in our ADSs and in each of the comparative indices. All information relating to our ADSs in the performance graph has been restated to give effect to the ADS ratio change from 1 ADS for every 100 ordinary shares to 1 ADS for every 25 ordinary shares effective March 27, 2006. The ADS ratio change had the effect of a four-for-one share split. The stock price performance on the following graph is not necessarily indicative of future stock price performance.
